

A short interview with Andrea Seifert:

*** *The most important thing what you should know about me is***

I'm perfectionistic, determined and I want to have one's cake and eat it! Unfortunately I can't relax.

*** *Art gives me...***

the opportunity to relieve pressure and get away from it all.

*** *I compare art to... my private headshrinker ;-)***

*** *Nature is for me... the space to breathe deeply.***

*** *I am a part of Sunflowers Art Association because... only positive aspects take center stage here.***

*** *I find most fascinating in life... that colors and paintings create a mood and appeal to our senses more than words.***

*** *I am dreaming of... a society full of impartiality to abstract paintings.***
